Dear Mr. Geary :

We were interested to have your letters of July 2 and 29 kindly reporting on reception you had obtained of our Shortwave Broadcasts from Germany. We are very glad to learn that these reach you in such tiptop form, and that the programs afford you such keen enjoyment. It is encouraging to know that you feel moved to assess our Station so highly among those you tune in to overseas. A hearty welcome to you among our growing circle of 'regulars' in Pennsylvania, -- all the more so as you say your are of German ancestry, for it is always an especial pleasure to us to hear of kinsmen across the water being linked up with the Old Country in this way ! We hope you will long continue to spend many happy hours tuned in to our entertainments.

As requested, we have much pleasure, on the data as logged, in enclosing you verifications of the reception of the transmissions over DJD and DJA on July 1 and 28 respectively, and to help you in following our broadcasts systematically, we are sending you along one of our current printed schedules of programs for North America. If you wish, these can be sent to you monthly in advance. In the meantime, we should appreciate hearing how reception shapes further as the cold season advances, and how the morning programs over DJB on 19.74 meters, starting in October, come thru -- also are you able to pick up our Latin-American directionals DJN evenings, and DJE on 16.89 meters with your coffee and rolls (or is it tea!!) on the air from 8 to 11.30 am. EST ?

For your information we are including you also an article about our station's activities you may like to have, and to show, if you kindly will, to other radio friends and invite them on our behalf to tune in also and let us have their impressions, if they have not yet acquired the pleasant and recreative DJ habit ! Perhaps too you would be interested to collaborate in the survey we are making, by filling in for our records your particulars in summary on the Questionnaire herewith ?

Cordially reciprocating your friendly regards, and wishing you the best of further reception, we are, mit herzlichem deutschem Gruss,

Yours sincerely,

REICHSRUNDFUNK-GESELLSCHAFT M.B.H.
