22nd December, 1939.

Dear Sir,

It is desired to thank you for your letter and to confirm your reception of the Irish Short Wave Station on 26.11.39. Your report has been most interesting and helpful and we shall at all times be glad to receive your observations on the reception of the Irish Station.

During the next few weeks the Station will be transmitting each day on 9595 Kilocycles (31.27M),

between	12.30p.m.	and	13.30	G.M.T.
"	1400	"	1500	"
"	1730	"	2130	"
"	2200	"	2300	"

The Aerial power is 1.5 Kilowatts.

Yours faithfully,

J. Monaghan
