Dear Mr. Geary:

Thank you for your report on WRUX on 7805 Kc, and for giving such a complete and helpful report for September 21, 22, 23, 27, 30, October first and third.

These reports are of much interest to our engineers.

You might also like to know that other radiomen have heard and logged this frequency -- the farthest report coming from Iraq.

Sincerely yours,
