FIELD COMMUNICATIONS BURLINGTON-PHILADELPHIA

3201 S 26 St
Philadelphia Pa 19145
215 336-6400

August 25, 1983

Dear Mr. Geary:

Please accept this letter as confirmation of the reception of WKBS-TV on the evening of August 18, 1983, between the hours of 8:15pm and 11:00pm.

For some reason, WKBS has always put a good signal into the Allentown area. I own a cabin in the Poconos and the only Philadelphia TV station I receive with regularity is WKBS-TV!

The WKBS-TV antenna is located on top of a 1050' tower located in the Roxboro area of Philadelphia. Our transmitter power is 120KW with an effective radiated power of 2.33 million watts.

Thank you for your thoughtful letter. WKBS-TV will be missed, it has been a part of many lives for 18 years. I regret to say this will be my last DX confirmation.

Best of luck with future DX'ing.

Yours truly,

Glenn Romsos
Chief Engineer
