USA

Dear Wayne,

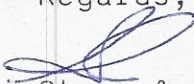

Seems something is wrong with the postal service these days. Yours is the second letter this month requesting a DX confirmation for the second time.

We're always happy to confirm any DX reports as soon as we get them. As a matter of fact, I remember sending the reply to your initial request several months ago.

Your report, by the way, is accurate. You did receive our station Nov. 16/89 as described in your report.

Thanks for your interest in CFEZ!

Regards,

Steve Armstrong
Program Director
