Dear Sir;

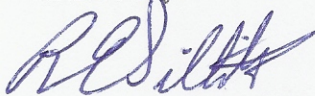

This is to confirm your reception of our radio station on 1090 KHz on January 14, 1980.

Our station operates at a power of 5000W into a three tower array at night and two towers during the day. Our transmitter site is located 11 miles south of Lethbridge.

Our station operates 24 hours a day, 7 days a week. The only exception is when we shut down for transmitter maintainance which occurs about once per month and always at midnight on Sunday night.

Thank you for informing us of your reception.

Sincerely

R.E. Sillito  
Director of Engineering
