Dear Wayne,

This letter will verify your reception of CKRD on May 17, 1987 between 11:36pm and 11.50pm MDT. Yours is only the second letter we have received from the United States, reporting reception. The other letter was from Colorado Springs.

I was most grateful to receive the brochure on DX-ing. We have only just begun to receive letters of this type since our increase to 50,000 watts daytime, 25,000 watts at night last September. Since that time we have had about fifty letters from Finland and Sweden all from DX-ers who have picked us up for the first time; and have even gotten a few letters from New Zealand!

We don;t have much in the way of promotional material for give-aways but I am enclosing a copy of our coverage map so that you can see the path of our transmissions. I'm also enclosing a sticker for your collection.

Thanks again for taking the time to write to us.

Sincerely,

June Thorndale
