January 11, 2004

Chief Engineer
KHGG Radio
321 North Greenwood Ave
Ft. Smith, AR 72901-3453

Dear Sir,

I am very pleased to report reception of KHGG on January 10, 2004 on 1580 kHz between 5:58 PM and 6:00 PM CST. I would like to offer the following program details as proof of this reception:

5:58 PM Spot for The Golden Corral Restaurant 1801 S Walden Road in Fort Smith

5:59 PM Mention of Kool 104.5 FM, CNN 1580, "KFPW AM 1230 the Voice of Fort Smith since 1930 and the All New Hits 108.1 FM"

6:00 PM Faded under KMIK Phoenix AZ

This is my first reception of KHGG here in Aurora. I was using my directional loop to null interference as much as possible. Your signal was fine for the brief period listed above. I have a semi local station south of me, KWYD in Colorado Springs on the channel also.

Equipment in use while listening to KHGG consisted of a Drake R8B Communication receiver with a variety of indoor and outdoor antennas. By trade I'm a real estate appraiser and have been a BCB DX'er since 1964. Please find enclosed return postage to facilitate your reply and a brochure about the BCB DX hobby and The National Radio Club.

If my report is found correct I'd appreciate a verification from KHGG to add to my collection from over 1600 BCB stations. Thank you in advance for your time and consideration in answering this report and helping me with my hobby.

Sincerely,

Wayne Heinen
