Dear Sir,

I am very pleased to report reception of KCUB on October 8, 1990 on 1290 kHz between 1:59 AM and 2:01 AM MST. I would like to offer the following program details as proof of this reception:

- 1:59 AM Tune into PSA for the Fine Food Festival Charity event for University of Arizona.
- 2:00 AM KCUB ID followed by C&W music and fade out mostly under local KXKL-1280 slop

Equipment in use while listening to KCUB consisted of a R-390A/URR Army surplus receiver with a 4' box loop antenna. Even using my loop, I have real problems working around the splatter caused by KXKL-1280. By trade I'm a real estate appraiser and have been a BCB DX'er since 1964. Please find enclosed return postage to facilitate your reply.

If my report is found correct I'd appreciate a verification from KCUB to add to my collection from over 1200 BCB stations. Also, if available any bumper stickers or station promo items to help decorate my "DX Den". Thank You in advance for your time and consideration in answering this report and helping me with my hobby.
