Mr Wayne Heinen
427 E Caramillo Street
Colorado Springs, CO 80907

Dear Wayne:

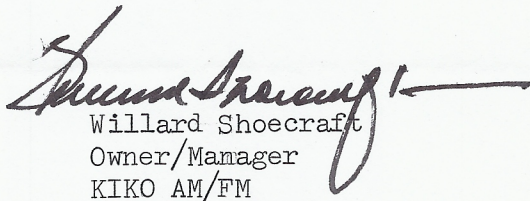

This will verify your reception of KIKO AM, 2/2/81,
shortly after midnight.

Our AM operation is a Class IV, 1,000 watts day, 250 watts
night, and we've been on the air since 1958.

In November, we went on the air with KIKO FM, a Class C
operation, and our transmitter is south of Globe-Miami,
on the Pinal Mountains, approximately 8,000 feet elevation.
I doubt if you can receive our FM, but we are getting
excellent Arizona coverage with it.

Thanks again for your interest, and good luck.

Sincerely,

Willard Shoecraft
Owner/Manager
KIKO AM/FM
