Dear Mr. Heinen,

This letter will confirm your reception of KMEO 740Khz, Phoenix AZ on January 19, 1987 from 4:40am to 5:00am MST. We broadcast directional daytime power of 1,000 watts and night power of 291 watts.

Please forgive the long delay in responding to your letter. We are undergoing major construction of offices and studios. As the only engineer on staff, (one woman band), it keeps me quite busy.

I am sending along a one of a kind bumper sticker for your collection. Our General Manager didn't like the design and sent back the whole case of stickers minus one.

Thank you again for your letter.

Sincerely

A handwritten signature in cursive script that reads "Tonie Flohrs Stanley".
