December 19, 1977

Dear Wayne:

This is to verify reception on KMGX Radio on November 28, 1977, between 0153 and 0205 MST.

KMGX operates with a daytime power of 1.0 kw, directional, and a night power of .25 kw, directional; both night and day directional patterns are to the Northeast and Southwest with a figure eight pattern.

The above mentioned directional pattern is to afford primary protection to KFRE, Fresno and XEQ, Mexico City; Secondary protection is given to KIOA, Des Moines.

Sincerely,

A handwritten signature in black ink that reads 'Scott M. Hower'. The signature is written in a cursive style with a long horizontal flourish extending to the right.

Scott M. Hower
Technical Director
KMGX, KRQQ (FM)
