Mr. David Griffin  
Station Manager  
KMIK - Radio Disney  
2231 E. Camelback Rd #326,  
Phoenix, AZ 85016-3417

WAYNE -

INFO LOOKS CORRECT!

BEST WISHES.

RADIO DISNEY PHOENIX.

Dear Mr. Griffin,

I am very pleased to report reception of KMIK on July 5, 2003 on 1580 kHz between 7:24 MST and 7:32 MST PM. I would like to offer the following program details as proof of this reception:

7:24 PM Tune in to Radio Disney Network Programming including rock music and DJ with phone calls  
7:28 PM Mentions Radio Disney Contests and Website followed by more music  
7:32 PM "Hey Phoenix, want to make a request? Call 1-888-Ears-018 AM 1580 Radio Disney" and more network music

This is my first report of the KMIK call sign on 1580 in Tempe. Since the Radio Disney programming has so little local mentions, it is difficult to get even a brief report like this. KMIK is usually dominant right after our local sunset until your pattern change. Other calls verified on 1580 from Tempe have been KNIX in 1976 and KCWW in 1990. I received your name from a fellow NRC member as the signer of his recent verification

Equipment in use while listening to KMIK consisted of a Drake R8B Communication receiver with a variety of indoor and outdoor antennas. By trade I'm a real estate appraiser and have been a BCB DX'er since 1964. Please find enclosed return postage to facilitate your reply and a brochure about the BCB DX hobby and The National Radio Club.

This is my second report concerning this reception. Perhaps the first was never received or misplaced. In any event, if my report is found correct I'd appreciate receiving a verification from KMIK to add to my collection from over 1600 BCB stations. Thank you in advance for your time and consideration in answering this report and helping me with my hobby.

Sincerely,

Wayne Heinen
