Dear Wayne Heinen:

I am writing to confirm the program information you provided as proof of reception of our KPXQ 1360 kHz AM signal on December 24, 2002. Our programs logs confirm that a commercial spot for Valley wide Lighting, a station ID, and a promo for Family Life Today did in fact air between 7:58pm and the top of the hour at 8:00 PM. I would also like to offer my apologies for the delay in responding to your request. Thought I am no longer at the station I came across you letter as I was going threw some old documents. As my grandfather was a radio operator in southern California it was important for me to respond to your letter. I do not remember off hand my grandfathers call numbers, but he went by \_\_\_ OSA (Old Sea Angler) out of Long Beach in the 50's & 60". I will keep your address and send you a copy of a photo I have of him with his equipment. You can add it to your collection.

Sincerely,

A handwritten signature in blue ink that reads 'Patrick Malloy'.
