

January 10, 1983

Mr. Wayne Heinen
427 E. Caramillo St.
Colorado Springs, CO 80907

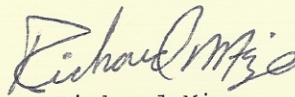

Dear Mr. Heinen,

Much to our surprise, we were very pleased to receive your letter and the logging of KTAN on 12/25/82. As program details are listed in your letter, these are correct.

We run 1,000 watts daytime and 500 watts directional at night. With our array at 120 degrees from true North. The first DJ that you heard was Alan Rogers, and from 2400 hours to 0012 hours was Carl Thomas.

Thank you for sending your letter, we look forward to hearing from you again.

Sincerely,

Richard Mize
Chief Engineer
KTAN/KTAZ
