Dear Wayne,

This letter will serve to verify your reception report of KXIV Radio, 1400 kHz, at 0043 MST on January 2, 1978.

At the time you heard us, we were running our monthly frequency check for the measuring service in Tucson.

My apologizing right now may be a bit tardy Wayne, but the work has been piling up on me lately, and I just didn't get to your report, until now, when I got your third report at KNIX. Oh well, better late than never, hi.

Thanks alot for your report, it's nice to know we're making it to Colorful Colorado.

73.

Sincerly,
Cliff Reno
