Dear Mr. Heinen:

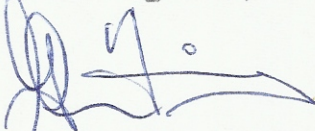

This will confirm your reception of CJDC-AM on October 8, 1996 between 0437 and 0443 MST.

CJDC operates on 890 Kc, a Class B regional channel, at a power output of 10,000 Watts day and night. Our antenna pattern is omni-directional in the daytime and mostly omni-directional at night except for a null to the southeast in order to protect WLS Chicago.

For further information on CJDC, you may wish to check out our web site at <http://www.pris.bc.ca/cjdc.html>.

Thank you for your reception report and Happy DX'ing!

Best regards,

Glen Foisy - VE7KUA
Chief Engineer
CJDC AM/TV
