Dear Wayne,

Thanks for your report of reception of KERN. Our logs for October 24, 1976 confirm your report.

KERN has been on the air in Bakersfield since 1932. We are on the air 24 hours a day. Our format is Top 40 exclusively.

The transmitter is an RCA BTA 1R at 1 kw output and the antenna is a single 300' tower giving us a non-directional pattern.

Good luck and DX,
