Dear Wayne;

Thank you for taking the time to write about hearing us, Moneyradio, in Aurora. Thanks to the ionosphere and the skywave. We don't have a Q.S.L. card to send, but this verifies that what you heard was indeed KMNY, AM 1600, Pomona, California.

The programming you heard was the Moneyradio network feed. Moneyradio is a 24 hour Financial/Business/Investment news-information dissimination network providing information from reporters and analysts from the financial centers around the world.

If you should ever visit Southern California, please try to visit us. We're located at 1929 S. Manchester, Anaheim, California, 92802.

Again, thanks.
