Mr. Wayne Heinen
1028 Pike Drive,
Colorado Springs, Colorado 80904

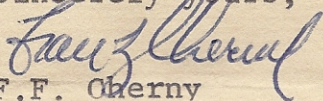

Dear Mr. Heinen:

Thank you for your letter of January 19th and for your report of reception of KPOL.

Your report of program content is correct and I am pleased to confirm your reception of KPOL from about 11:21 PM PST through 11:35 PM on January 18, 1976.

Our signal in your direction at night is very much attenuated because we protect KXEL at Waterloo, Iowa. In fact in your direction we radiate about the equivalent of less than 100 watts during nighttime hours.

Thank you again for writing to us and good luck with your DX'ing hobby.

Sincerely yours,

F.F. Cherny
Chief Engineer KPOL
