KCBR Radio  
P.O. BOX 1385  
Monument, CO 80132

Dear Sir,

I am very pleased to report reception of KCBR on December 16, 1989 on 1040 kHz between 4:40 PM and 4:45 PM MST. I would like to offer the following program details as proof of this reception:

- 4:40 PM Tune into Business Radio Network feature
- 4:41 PM On Net spot for Weather Brief by Weather Bank and more BRN features
- 4:45 PM Male Announcer came on "This concludes our Broadcast day. This is KCBR Colorado Business Radio- Monument-Colorado Springs. Thank You for Listening".. and left the air.

I enjoyed doing a special test from KKRE a few year back. Your signal is strong enough it could be Monument Colorado Springs & Denver. With KDEN as the BRN station coverage is slim because of the Class IV frequency and 1 kw power.

Equipment in use while listening to KCBR consisted of a R-390A/URR Army surplus receiver with a 4' box loop antenna. By trade I'm a real estate appraiser and have been a BCB DX'er since 1964. Please find enclosed return postage to facilitate your reply.

If my report is found correct I'd appreciate a verification from KCBR to add to my collection from over 1200 BCB stations. Also, if available any bumper stickers or station promo items to help decorate my "DX Den". Thank You in advance for your time and consideration in answering this report and helping me with my hobby.

Sincerely,

Wayne Heinen

Yes Wayne you heard KCBR  
No new letter heard yet
