Mr. Wayne Heinen
427 E. Caramillo St.
Colorado Springs, Co

Dear Mr. Heinen:

I am pleased to confirm your reception of KFKA on the evening of June 23, 1978.

It is interesting to note that your reception occurred at the exact time (8:30 PM) that we switch to our nighttime 1 kw DA. Our log for that date shows the switch was made at 8:29 PM. The major radiation lobes in our DA run generally north and south, so that may have aided in your reception at a very critical time of day.

I have enclosed contour maps which may be of interest to you.

Sincerely,

David W. Sawyer
Chief Engineer
