Format: American top 40 with morning and afternoon news and traffic
reports.

We regret that no special tapes or other items can be sent due to lack of time and availability. We appreciate tapes sent in and will return tapes upon request if received with the report. All DX reports will be answered as soon as possible. Confirmation depends on the accuracy of the report, of course. If you are in town, stop in with this letter and take the 10 cent tour!

Tapes should be at 7½ inches per second and on one side of a clean tape (erased) when possible. Cassettes are OK.

Thank you for your report and good luck this DX season!

CONFIRMED

NOT CONFIRMED ; reason:

Thanks for your report, Wayne - The Springs should be in our primary coverage but maybe you have a marginal location!

Sincerely,

W. J. Leahy
KIMN Engineering Staff
