Dear Mr Herrald,

I am very pleased to report reception of KNRC on May 24, 2003 on 1150 kHz between 8:51 AM and 9:00 AM MDT. I would like to offer the following program details as proof of this reception:

8:51 AM Promo funinDenver.com

8:52 AM promo to patronize KNRC advertisers. "Community Commitment PSA Adoption Alliance

8:53 AM Promo Talk to Greg Dobbs on AM 1150 return to program "On the Tee"

9:00 AM "Hear Both Sides on Talk AM 1150 KNRC" and Ap radio news.

9:05 AM Short ID "KNRC Englewood and KCUV Littleton"

KNRC is a no brainer logging, as I am a few miles due east of the transmitter site! Historically it will be nice to have both 1150 and 1510 with both sets of call signs. I received your name from Patrick Griffith, another local NRC member.

Equipment in use while listening to KNRC consisted of a Drake R8B Communication receiver with a variety of indoor and outdoor antennas. By trade I'm a real estate appraiser and have been a BCB DX'er since 1964. Please find enclosed return postage to facilitate your reply.

If my report is found correct I'd appreciate a verification from KNRC to add to my collection from over 1600 BCB stations. Thank you in advance for your time and consideration in answering this report and helping me with my hobby.

Sincerely,

Wayne Heinen
