Dear Mr. Heinen:

This letter confirms your reception of KPOF, 910 KHZ, Denver on November 2, 1980, from 1:53 pm to 2:00 pm MST.

KPOF is located 10 miles north of Denver operating with 5000 watts non-directional day, 1000 watts non-directional night.

Thank you for submitting a fine report, and sorry about the late response on our behalf.

Yours,

Alfred Shjarback
Chief Engineer

Dear Mr. Heinen:

Thank you for your DX letter. This is to verify that your information is correct with regard to KPOF and it's Sunday afternoon broadcasting. We appreciate your taking time to share with us and let us know of the reception of our broadcast facially. If you are in the Denver area, feel free to visit our studios and you will be able to see first hand this important broadcast facility. We are the oldest station in Denver that has it's original ownership and one of the pioneer Christian radio stations in the nation. Thank you for your interest

Cordially,

Robert B. Dallenbach
General Manager
