Dear Mr. Heinen

I am sorry I am so slow in answering your request. I put it in my pile of things to do and it got lost.

The Schecule you listed is what you heard.

It is always a joy to hear from members of the National Radio Club. It is always interesting the different areas of the United States that we hear from.

Thank you for listening to us and if you ever get into the Canon City area please stop by and give us a visit.

For your information we also have an FM station KSTX at 103.9.

Sincerely

Martin A. Nonhof

Manager KRLN-KSTX
