

September 10, 1985

Mr. Wayne Heinen  
National Radio Club Inc.  
4131 South Andes Way  
Aurora, CO 80013

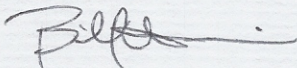

Dear Wayne:

This letter confirms your reception of KRZN AM on July 17, 1985 from 1040 to 1054 MDT. The information you included in your letter was adequate to determine that it was, in fact, KRZN that you heard.

Nonetheless, it perplexes me that you would submit a reception report from Aurora, where at that time of day, on high power, our signal must be in the dozens of millivolts. I generally respond only to reports from listeners considerably farther away.

Enclosed is a copy of our present coverage map. I hope you find it of interest.

Sincerely,

Bill Harris  
Technical Director
