Dear Sir,

I am very pleased to report reception of KRZN on September 13, 1989 on 760 kHz between 9:50 AM and 9:55 AM MDT. I would like to offer the following program details as proof of this reception:

- 9:50 AM Tune into Oldies "OPUS 17" the Four Seasons
- 9:52 AM Promo for Nothin Butt Oldies concert KRZN KRZN 631-2760 for info
- 9:53 AM Partner's Health Plan Spot
- 9:54 AM Mateuse Wine Spot
- 9:55 AM Burt Toyota Spot KRZN Radar weather jingle and weather by DJ and more oldies

Your recent move from 1150 has had an interesting effect on my hobby as KJIM is not 24 hours and has allowed new receptions. Your signal on 760 is as good as it was on 1150. One interesting sidelight, on a recent trip to Kansas KRZN was listenable all the way to the border. 1150 was gone by the time we hit Limon.

If my report is found correct I'd appreciate a verification from KRZN to add to my collection from over 1200 BCB stations. Adding a verification from the new KRZN 760 will once again complete my front range Colorado collection. Thank You in advance for your time and consideration in answering this report and helping me with my hobby.

Reception verified -  
thanks for your interest.
