October 21, 1983

Mr. Wayne Heinen  
1642-C S. Idalia Cir.  
Aurora, CO 80017

Dear Wayne:

Please consider this a letter of verification of your letter dated Oct. 13, 1983, in which you report reception of KSIR, 1470 kHz on Oct. 12, 1983, from 1:16 p.m. until 1:34 MDT. Your description of our programming matches the daily log for that period, and we are happy to hear that we had at least one listener in Aurora that afternoon!

We do occasionally receive letters from DXers, and frequently they come from greater distances than yours. KSIR is in the process of applying for a power increase, hoping to reach a wider area in northern Colorado and to provide better reception to those listeners who already receive us.

It's too bad you can't listen regularly; we feel that we have one of the finest small-market radio stations anywhere, and we have the awards to prove it. Next time you're in the Estes Park area, feel free to stop in for a visit and a tour of our facilities.

Thank you again for your letter, and best of luck in tuning in those distant signals.

Sincerely,

Dave Thomas  
Station manager
