Dear Wayne,

This is to acknowledge receipt of your letter dated August 6, 1983 and to inform you that you did indeed receive reception of radio station K.T.M.G. based on the details you outlined in your letter.

We are very glad to hear that we are getting into the area of Colorado Springs with such a clear, clean signal since we do consider that area a primary target audience for our Agricultural and Country music programming.

We hope you like what we're attempting to accomplish and that'll continue to listen on a regular basis.

Again thanks for your letter and yes you did indeed tune into the sound of Agricultural News and Country music on Colorado's Eastern Plains, 5,000 watts goes a long way.

Happy trails to you and yours.

Very respectfully,

Richard O. Martin
