Dear Sir,

I am very pleased to report reception of KTWK on September 19, 1997 on 740 kHz between 3:30 PM and 3:42 PM MDT. I would like to offer the following program details as proof of this reception:

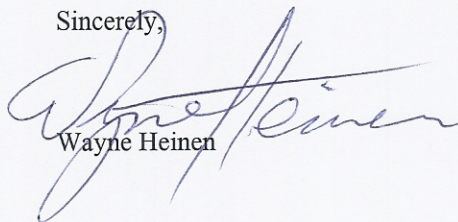

3:30 PM Tune into ID "The All New Memories 740" and music
3:36 PM "Music that makes you feel good, The all new Memories 740" and more music
3:42 PM "... The New AM 740" Public Service Announcement National Heart and Lung Association and more Music.

My only verification for 740 in the Springs is for the old call KSSS. At that time I lived in Colorado Springs and worked for El Paso County.

Equipment in use while listening to KTWK consisted of a Radio Shack TRF portable receiver. By trade I'm a real estate appraiser and have been a BCB DX'er since 1964. Please find enclosed return postage to facilitate your reply.

Your signal is very listenable up hear in Aurora. This is my second reception report to KTWK, perhaps the first was lost in the mail or misplaced in either case, if my report is found correct I'd appreciate a verification from KTWK to add to my collection from over 1500 BCB stations. Thank You in advance for your time and consideration in answering this report and helping me with my hobby.

Sincerely,

Wayne Heinen
