Dear Wayne:

This will verify your reception of one of our "Listen to LISA" transmitters as indicated in your recent letter. The particular transmission you received was from a xmtr located in the front of the home at 3889 S. Biscay St. It was set to broadcast at 1580 kHz, with a power output of 100 milliwatts, in accordance with Part 15 of the FCC regulations.

Thank you for your interest in Vocal Presentations, and our Low-range Innovative Sound Advertising program. Best of luck with your hobby.

Sincerely,

A handwritten signature in black ink that reads 'Chuck Edwards'. The signature is written in a cursive style with a long, sweeping underline.

Chuck Edwards  
Chief Engineer
