**am KBUR fm KGRS**

411 N. ROOSEVELT AVE. • BURLINGTON, IOWA 52601 • (319) 752-2701

Dear Mr. Heinen,

I was very pleased to receive your letter of reception on the November 5, 1984. It is good to know that our signal can sometimes be heard at great distances. 1490 KBUR has recently been authorized to operate at 1000 Watts 24Hrs. a day. This change should allow dxers/listeners like yourself to tune us in even more.

After reviewing the station log, I feel that I can verify your report for the time that you mentioned. I would like to apologize for the delay of this reply. I have enclosed a bumper sticker for your collection.

Yours Truly

*Bernie Garcia*
