Chief Engineer
KCHA Radio
Charles City, Iowa

Dear Sir,

I am very pleased to report reception of KCHA during your frequency check of January 26, 1968. I heard you on 4580 Kcs from 1:55am till 1:59am when you left the air. The following is what I heard:

- 1:55am "This is KCHA on the air for the purpose of frequency check. This is KCHA Charles City Iowa" then OPEN CARRIER (I think as nothing else heard)
- 1:57am "This is KCHA on the air for the purpose of a frequency check. This is KCHA Charles City, Iowa" + more OPEN CARRIER
- 1:59am "This is KCHA Charles City Iowa completing a test for a frequency check" + station off.

QRM was from (hold on) → WCLS - Columbus Ga
WHIL - Ft Lauderdale Fla. + XEDM - Hermosillo Mex. They made copy, but your 500 watts pushed through fairly well. I was using a RBB-4 C.S. Navy surplus receiver with a 36" spiral loop. My location is 10 miles south of Buffalo N.Y. The temperature was 2° above zero.

I am enclosing one 6¢ stamp and I would appreciate a letter of verification if this report is found correct.
