Dear Wayne

Thank you for your report. The enclosed QSL card will verify your reception of KCRG 1600 kHz.

Yours is the 4th report of the season. We've had reports so far from New Zealand, Sweden, and Tacoma, Washington. As you've noticed we program local/state news just prior to ABC Contemporary news at 5 before the hour during the overnite show. The benefits of all-nite broadcasting are that we use a lot of our news committment then, this idea not making the AN situation any better. However we do continue our Silent Period on Monday mornings 1-5AM CST (just got my first logging on KLAQ this very morning). I'm thinking that as FM continues to take over music ratings and AM goes to talk, the AN situation will ease due to expense; however with AM Stereo really not too far off, this may not be the case at all.

Enjoyed meeting you at the Lincoln convention. Am returning your stamp "cuz I know you gotta sell a lot of turquoise to pay for postage.

Sincerely

Carl Mann
