Dear Mr. Heinen:

This will confirm your reception of KMYR on 1-29-84.

I am pleased to receive your letter because it shows that all the things we did to improve our signal, without increasing power, worked. We received a similar letter from someone in Vinita, Oklahoma soon after we completed our improvements.

I am sorry that I can not help you with your report of 12-21-75. I was not associated with the station at that time. I do know it was on the air and licensed to the city of Des Moines at the 1390 frequency. They did sign off during December, 1975 at Midnight for engineering reasons. Outside of that bit of information, I can help you.

Thanks again for listening.

Best regards,
