January 30, 1976

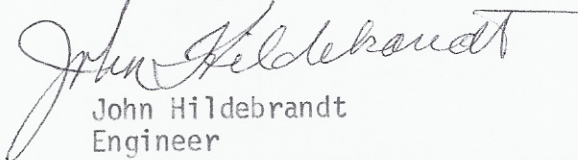

Wayne Heinen
1028 Pike Dr.
Colorado Springs, Co. 80904

Dear Mr. Heinen:

This letter is to confirm your report of reception of this station on January 25, 1976 at 1260 kHz.

It must have been an unusual situation since on the night pattern our signal in the westerly direction is not very strong.

Cordially,

John Hildebrandt
Engineer

JH/bd
