Wayne Heinen  
4131 S. Andes Way  
Aurora, Co. 80013

Mr. Heinen,

I was very glad to hear from you, and was amazed that you could pick us out, out in Colorado. Up until now, Atlanta, Georgia, had been the farthest we had heard from.

As far as confirmation, you did indeed hear the programs that you logged. There are several corrections you may want to make, and these are merely mistakes from the reception of our signal.

At 6:15, this would have been the "Brandt" muffler commercial.

At 6:16, this would have been the "Polaris" ATV commercial spot.

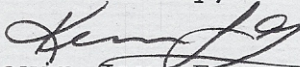

At 6:18, this was the "Kohnen" concrete company commercial spot.

And you were exactly right in the "Peartree Inn".

I should have introduced myself before, but I was quite excited to hear from you, for the simple reason being, that at the time of day you were listening, I am the "air personally". My name is Kevin Jay and I would like to thank you for writing us. I always find it interesting hearing from folks, especially DX'ers. Enclosed I have added a morning programming list that may help you to pick us out next time.

Once again, thanks for the letter, and drop us a line if you get the chance to hear us again.

Sincerely;

  
Kevin Jay, Farm Director
