

WLS

ABC RADIO CHICAGO

DIAL 890

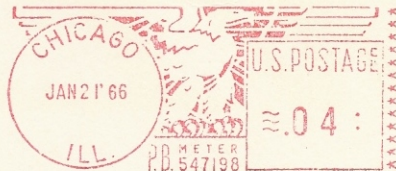

The bright sound of Chicago Radio

Thank-you for your interest and QSL and reception report dated Jan. 1, 1966 WLS established in 1928, is Chicago's #1 popular music station, and also features numerous news programs in the public interest. We operate on a clear channel of 890 kc., 24 hours a day, seven days a week. Our output power is 50,000 watts using a General Electric transmitter and antenna which is 560 feet above the average terrain. The basic format of the station is Top 40 music of the day featuring six disc-jockeys. Again thanking you for your interest and listening to the station.

Cordially,

William J. Nolan
Chief Engineer-WLS

Wayne Heinen
