

KARE RADIO

P.O. Box G / Atchison, KS 66002 / Phone 1-913-367-1470

December 22, 1977

Wayne Heinen
427 E Caramille St.
Colorado, Springs, Colo. 80907

Mr. Heinen:

This is to verify your reception report of KARE on November 26, 1977.

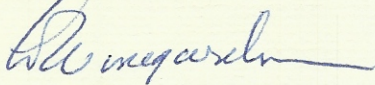

KARE is a directional station with major lobes to the North east (40°) and to the Southwest (236.5°). By checking a map Colorado Springs would be on the North side of the SW lobe.

KARE has been on the air since 1939. We are a KW and use a Collins transmitter to generate our signal.

We thank you for your interest and hope this satisfies your request.

The best to you and yours in the coming year.

Sincerely,

L. D. Winegardner
Chief Operator.
