

KLOE - P. O. BOX 569 - GOODLAND, KANSAS 67735 - AREA CODE 913 899-2309 - THE HI-PLAINS STATIONS

Oct 27, 1981

Mr. Wayne Heinen
427 East Caramillo St.
Colorado Springs, CO. 80907

Dear Sir:

This is to verify your reception of our station 10/22/81. KLOE operates DAYTIME with a power of 1000 watts. Late this summer we installed a new ground system that has restored the coverage area. Not to long past on our way home from Colorado Springs we picked up Kloe on our car radio loud and clear about half way between Lymon and Colorado Springs. Twenty to twenty five miles west of Lymon we measured .5 MV on our field strength meter which is the grade B contour for AM radio. We feel this is very good for a 1000 watter.

Thank you for your report.

Sincerely

Wayne Pash
Tech Dir.
