Dear Wayne:

We were very excited to get your letter. It is always amazing to hear from someone at a great distance. We have posted your letter on our bulletin board of course so that all who meet with us may enjoy.

Yes, you reported correctly and we are as happy about that as you. As we are a new station, having begun only last February 1, 1990, we are continuously excited about our growing listenership and really appreciate your time in writing.

Until we receive our shipment of promo items, we are sending you information from our media kit, some of which may benefit your "DX Den".

Thanks again,

William (Bill) R. Johnson
General Manager
