I am writing to verify your reception of our radio signal. We were on the air on September 10, 1984 conducting our monthly frequency test.

KQNK Radio is a 1,000 watt daytime station. Our facility is located in Norton, Kansas which is a city of about 4,000 people. Norton is located approximately Ten miles from the Nebraska line, and we are a little over One Hundred miles from the Colorado. Our city is about half way between Denver, and Kansas City.

We appreciate your letter.
