January 20, 1981

Wayne Heinen
427 East Caramillo St.
Colorado Springs, Colo. 80907

Dear Mr. Heinen:

This letter will confirm your reception report dated January 14, 1981 of commercial radio station KSKX located in Topeka, Kansas, from 0112 AM to 0125 AM CST.

We are very pleased to receive your report and the program content checked out with our logs. It is nice to know that you were listening to KSKX from Colorado Springs.

KSKX operates at 1440 Khz. with a daytime power of 5000 watts and a nighttime power of 1000 watts. KSKX operates with a four tower directional antenna with the same pattern day and night beaming our signal to the west/northwest about 250 degrees from Topeka, Kansas.

We again thank you for your fine reception report and for the very interesting National Radio Club brochure.

Happy listening to you.

Sincerely,

Richard A. Roiseland
Chief Engineer KSKX/KSWT
