Mr. Wayne Heinen
427 E. Caramillo St.
Colorado Springs, CO 80907

Dear Wayne:

Thank you for advising that you heard our AM signal on 1560 kHz from 12:43 to 1:00 AM on December 1, 1980. While many fulltime stations leave the air around midnight on Sundays, we program 24 hours a day, seven days a week, unless down for repairs.

We'd be very happy to hear from you anytime that you receive our signal. We recently received letters from listeners as far away as Iowa, Pennsylvania, Virginia, North and South Carolina, Georgia, and Florida in a promotion that we ran between midnight and 5 AM. We receive considerable mail from Canada, Michigan and Wisconsin DX'ers. We expect these because our signal is directional to the north, however, the ones to the South and East were very surprising to us, as is yours.

We are confirming reception of your letter and also enclosing a packet of information about WPAD AM-1560.

Yours very truly,

Verne A. Brooks
