Mr. Wayne Heinen  
427 E. Caramille St.  
Colorado Springs, Co 80907

I am pleased to verify your reception report on 4-3-78, 1:47 am to 2:00 am CST.

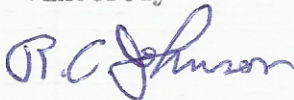

Sorry to have missed your first report. They are sometimes turned over to programing rather than engineering and get lost.

I always welcome DX reports since this was the way I got my start in radio. My last four years in high school from 1950 to 1954, I spent most of my spare time DXing mostly the short wave bands plus some in the broadcast band. This caused me to decide to enter broadcast engineering, where I have been for over 23 years now.

Reports such as yours are easy to verify by such items as the KEEL WIN STICKER and the local phone number for our request line. Local spots with a local st. address and/or phone number are easy to identify in difficult cases.

Thank you for your fine report.

Sincerely

R. C. Johnson  
Chief Engineer
