Aurora, CO 80013-3831

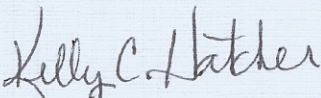

Dear Wayne,

This letter will confirm your reception of KJMJ on 580 kHz between 4:59AM and 5:01AM CST on November 5, 2004. We were very happy to hear from you.

KJMJ operates with a power of 5000 watts daytime and 1000 watts at night. Our antenna pattern is non-directional daytime and directional at night. We operate a 24-hour, seven-day schedule.

I have enclosed some information on Radio Maria. Thank you for writing and may this hobby continue to introduce you to new people and areas.

Sincerely,

Kelly C. Hatcher
Asst. Program Director
