

WKNR

KNORR BROADCASTING CORPORATION

THE STATION THAT
KNOWS DETROIT

February 17, 1966

Wayne Heinen
126 Linwood Avenue
Orchard Park, New York 14127

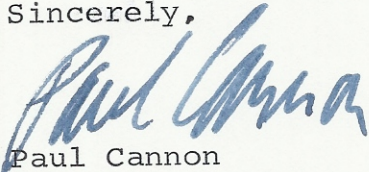

Dear Wayne:

Thanks for your most accurate report of reception of WKNR on 2-13-66.

There's no doubt in my mind that you were listening to Keener. It's a pleasure to hear from you. It's not very often that I see Keener mentioned in the "Musings". I am not a contributor to the bulletin, but I do enjoy reading it. I hope that you will inform all DX'ers that if they do hear Keener, to address their request for varification to me and not the chief engineer. The reason for this, although our engineers do varify, I'm inclined to be more understanding and also send more goodies with the varification.

The enclosed coverage map is our daytime pattern, 5000 watts, with two towers. Nighttime pattern, 5000 watts, six towers with highly constricted pattern to the north. This is the main reason Keener is not often heard.

Sincerely,

Paul Cannon
Assistant Program Director
