Memo

KJJK AM - 1020 /FM 96.5

12/30/96

Wayne..

Sorry for the delay in responding to your reception letter dated Nov. 28, 1996.

I just won a seat in the Minnesota State Legislature and things have been extra busy.

I'm amazed KJJK's signal passed by Aurora Colorado but your letter is proof. You picked KJJK-AM up just as the Talkin' Sports program started.

KJJK-AM has been on the air since 1986.. started as a 1000 watt daytime at 1090... moved to 1020 a year ago and increased daytime power to 2000 watts with night-time power at 370 watts.
