Dear Sir,

I am very pleased to report reception of KBEW on November 11, 1991 on 1560 kHz between 5:58 AM and 6:30 AM CST. I would like to offer the following program details as proof of this reception:

- 5:58 AM Tune into sign on announcement by a man followed by short weather and fade.
- 6:25 AM Farm report in progress
- 6:29 AM Spot for Happy Chef Restaurant followed by spot for "Minnesota's Largest Casino"
- 6:30 AM Local headlines "On the Linden Farm Network" then Singing ID KBEW and Roy & ??? talked about the weather.

I actually had given up after the fade, but as I came back past the channel at 6:25 your signal was doing rather well. I have heard KBEW in the past but never felt I had enough to justify a report before now.

Equipment in use while listening to KBEW consisted of a R-390A/URR Army surplus receiver with a 4' box loop antenna. By trade I'm a real estate appraiser and have been a BCB DX'er since 1964. Please find enclosed return postage to facilitate your reply and a brochure on the BCB DX hobby.

If my report is found correct I'd appreciate a verification from KBEW to add to my collection from over 1300 BCB stations. Also, if available any bumper stickers or station promo items to help decorate my "DX Den". Thank You in advance for your time and consideration in answering this report and helping me with my hobby.

Sincerely,

Wayne Heinen
